

Ms. Adeola Ijeoma Eleri

Senior Scientific Officer, Renewable Energy Department, Energy Commission of Nigeria

Adeola is the Project Manager for the Copenhagen and Beyond Project a joint project between ChristianAid, VSO and ICEED and funded by the Foreign and Commonwealth Office under the UK Government Strategic Programme Fund. A bioenergy and gender specialist she works on addressing poverty, inequality and promoting good governance through the various ICEED projects. Adeola has a Masters degree in Environmental Biology and wide experiences in the development of biogas and improved wood fuel stoves. Her interests lie in the eradication of poverty through the provision of access to affordable, modern and sustainable energy services.
