

International Support for Clean Energy Low Emission Development Plans

The Coordinated Low Emissions Assistance Network (CLEAN), a network of over 30 organizations, will share information on the activities of international technical institutions to assist developing countries with clean energy, low emission development (LED) planning.

Objectives:

- To provide a general overview of CLEAN
- To present CLEAN partner activities that support clean energy low emissions development
- To discuss how CLEAN can further advance these and other activities to support clean energy low emissions development

Agenda

- Opening – Potentially DOE official
- Overview of CLEAN (Sadie Cox)
 - Goals and participants
 - Initial inventory trends
 - Other collaborative projects
- CLEAN partner activities supporting clean energy low emissions development plans and programs
 - Topics covered in each presentation
 - Overview of related plans and programs (could include RE, EE, rural clean energy, etc.)
 - Current efforts to share tools and best practices
 - How CLEAN can help to further advance cooperation and sharing of tools, etc.
 - Presenters
 - REEEP (Binu Parthan)
 - GTZ (Holger Liptow)
 - NREL (Shannon Cowlin)
 - TERI (Pradeep Kumar Dadhich)
- Presenter and audience discussion question: How can CLEAN further advance sharing of tools, methods and best practices, e-learning and training programs, and harmonization of country assistance to support clean energy low emissions development?

Venue: Mahanadi Hall, DIREC 2010, EXPO Center, Greater Noida, Uttar Pradesh

Time: 12:30 PM to 2:00 PM on 27th October, 2010.

Entry: Free

Organized By: National Renewable Energy Laboratory & CLEAN
